DECLARATION

PFAS Per- and polyfluoroalkyl substances

Lorlin Electronics Ltd certifies that to the present and best of our knowledge, and based upon the information available to us, no PFAS are intentionally used in production or added to the products we produce and sell.

This declaration is based upon information provided to us by our suppliers of raw materials and/or components used in the manufacture of our products.

A handwritten signature in black ink, consisting of a loop followed by a long, sweeping horizontal stroke that tapers to the right.
