DECLARATION

Persistent Organic Pollutants (POPs) Covered by Regulation (EU) 2019/1021

Lorlin Electronics Ltd certifies that it is compliant with the POPs regulation and that to the present and best of our knowledge, and based upon the information available to us, none of these substances are intentionally used or added to the products we produce and sell.

This declaration is based upon information provided to us by our suppliers of raw materials and/or components used in the manufacture of our products.

For more information go to WWW.echa.europa.eu/pops-legislation

A handwritten signature in black ink, consisting of a loop followed by a long, sweeping horizontal line that tapers to the right.
